**Re:** Mandatory Summer Math 2018

---

Hollywood Academy believes in the importance of developing mathematical thinking as well as maintaining current math skills. On average, students lose approximately 2.6 months of grade level equivalency in mathematical computation over the summer months each year. Therefore, Summer Math Activities are once again upon us to Fight the Summer Slide.

For the 2018-2019 school year, it is **mandatory** that all students enrolled prior to July 13<sup>th</sup>:

- **Pass the 10 assigned assignments** on the Ten Marks Program
- Your assignments that appear in your class work section are as follows:
  1. Place Value to 1,000 with Base Ten Blocks
  2. One and Two-Digit Subtraction with Regrouping
  3. Two-Digit and Two-Digit Addition
  4. Subtracting Two Three-Digit Numbers
  5. Identify the Missing Number in Subtraction Problems
  6. Solving One-Step Word Problems with Missing Addends
  7. Solving Two-Step Addition and Subtraction Word Problems
  8. Arrays and Equations
  9. Comparing Measurements
  10. Recognize Time
- To access Ten Marks is as follows:
  1. Log into [www.clever.com/in/csusa](http://www.clever.com/in/csusa)
  2. Username: 10 digit Universal ID
  3. Password: first initial, last initial, birthdate (ex: Jan Smith, April 1, 2001; js04012001)
  4. Lessons must be completed between **June 1<sup>st</sup>** and **July 29, 2018**

Your cooperation in fostering a positive approach to practicing math computations will contribute to your child's future success in school. Your child has the opportunity to begin working on their 2018 Summer Math lessons starting June 1st. Remember, the goal is to **PASS** 10 assignments on Ten Marks. Once lessons are completed and passed we encourage all students to explore the program and continue to practice their math skills.

Have a great summer!
