Re: Mandatory Summer Math 2019

Hollywood Academy believes in the importance of developing mathematical thinking as well as maintaining current math skills. On average, students lose approximately 2.6 months of grade level equivalency in mathematical computation over the summer months each year. Therefore, Summer Math activities are once again upon us to avoid the summer slide.

For the 2019-2020 school year, it is **mandatory** that all students enrolled prior to July 12th

- **Pass** a minimum of **10 lessons** on the Imagine Math Program
- To access Imagine Math is as follows:
 1. Log into www.clever.com/in/csusa
 2. Username: 10 digit Universal ID
 3. Password: first initial, last initial, birthdate (ex: Jan Smith, April 1, 2001; js04012001)
 4. Lessons must be completed between **June 1st** and **July 28, 2019**

Your cooperation in fostering a positive approach to practicing math computations will contribute to your child's future success in school. Your child has the opportunity to begin working on their 2019 Summer Math lessons starting June 1st. Remember, the goal is to **PASS** a minimum of 10 lessons on Imagine Math. Once lessons are completed and passed we encourage all students to explore the program and continue to practice their math skills.

Have a great summer!

Summer is HERE!

Attention all current students in Grades 3-7!
Are you up for the challenge? This summer if you...

- Pass 10 SeeReaders on Reading Plus (80% or higher)
- AND
- Pass 15 lessons on Imagine Math

**You will earn a Pizza Party
at the start of the 2019 school year!**

Incentive Dates: June 1-July 28th
